## Schedule of benefits

---

This schedule of benefits lists the **deductibles** and **copayments/payment percentage**, if any, that apply to the services you receive under this plan. You should review this schedule to become familiar with your **deductibles** and **payment percentage** and any limits that apply to the services.

### How to read your schedule of benefits

- When we say:
  - “In-network coverage”, we mean you get care from a **network provider**.
  - “Out-of-network coverage”, we mean you can get care from **providers** who are not **network providers**.
- The **deductibles** and **payment percentage** listed in the schedule of benefits below reflect the **deductibles** and **payment percentage** amounts under your plan.
- Any **payment percentage** listed in the schedule of benefits reflects the plan **payment percentage**. This is the amount the Plan pays. You are responsible to pay any **deductibles** and the remaining **payment percentage**.
- You are responsible for full payment of any health care services you receive that are not a **covered benefit**.
- This plan has maximums for specific **covered benefits**. For example, these could be visit, day or dollar maximums. They are combined maximums between **network providers** and **out-of-network providers** unless we state otherwise.
- At the end of this schedule you will find detailed explanations about your:
  - **Deductible**
  - **Maximum out-of-pocket limits**
  - Maximums

#### **Important note:**

All **covered benefits** are subject to the Calendar Year **deductible** and **payment percentage** unless otherwise noted in the schedule of benefits below.

## Payment percentage

The specific percentage you have to pay for a health care service listed in the schedule of benefits.

## Maximum out-of-pocket limits provisions

**Eligible health services** that are subject to the **maximum out-of-pocket limit** include **prescription drug eligible health services** provided under the medical plan outpatient **prescription drug** plan.

**Eligible health services** applied to the **out-of-network maximum out-of-pocket limit** will not be applied to satisfy the in-network **maximum out-of-pocket limit** and **eligible health services** applied to the in-network **maximum out-of-pocket limit** will not be applied to satisfy the out-of-network **maximum out-of-pocket limit**.

The **maximum out-of-pocket limit** is the maximum amount you are responsible to pay for **payment percentage** and **deductibles** for **eligible health services** during the Calendar Year. This plan has an individual and family **maximum out of pocket limit**.

For purposes of the following **maximum out-of-pocket limit** provisions:

- The individual **maximum out-of-pocket limit** applies to a person enrolled for self only coverage with no dependents coverage
- The family **maximum out-of-pocket limit** applies to a person enrolled with one or more dependents. The family **maximum out-of-pocket limit** can be met by a combination of family members or by any single individual within the family.

### Individual

The **maximum out-of-pocket limit** may not apply to certain **eligible health services**. If the **maximum out-of-pocket limit** does not apply to a covered benefit, your **copayment/payment percentage** for that covered benefit will not count toward satisfying the **maximum out-of-pocket limit** amount.

Certain costs that you incur do not apply toward the **maximum out-of-pocket limit**. These include:

- All costs for non-covered services

## Calculations; determination of recognized charge; determination of benefits provisions

Your financial responsibility for the costs of services will be calculated on the basis of when the service or supply is provided, not when payment is made. Benefits will be pro-rated to account for treatment or portions of stays that occur in more than one Calendar Year. Determinations regarding when benefits are covered are subject to the terms and conditions of the booklet.
