## Schedule of benefits

---

This schedule of benefits lists the **deductibles** and **copayments/payment percentage**, if any that apply to the services you receive under this plan. You should review this schedule to become familiar with your **deductibles** and **copayments/payment percentage** and any limits that apply to the services.

### How to read your schedule of benefits

- When we say:
  - “In-network coverage”, we mean you get care from a **network provider**.
  - “Out-of-network coverage”, we mean you can get care from **providers** who are not **network providers**.
- The **deductibles** and **copayments/payment percentage** listed in the schedule of benefits below reflect the **deductibles** and **copayment/payment percentage** amounts under your plan.
- Any **payment percentage** listed in the schedule of benefits reflects the plan **payment percentage**. This is the amount the Plan pays. You are responsible to pay any **deductibles, copayments**, and the remaining **payment percentage**.
- You are responsible for full payment of any health care services you receive that are not a **covered benefit**.
- This plan has maximums for specific **covered benefits**. For example, these could be visit, day or dollar maximums. They are combined maximums between **network providers** and **out-of-network providers** unless we state otherwise.
- At the end of this schedule you will find detailed explanations about your:
  - **Deductible**
  - **Maximum coinsurance out-of-pocket limits**
  - Overall Maximum out-of-pocket limits

#### **Important note:**

All **covered benefits** are subject to the Calendar Year **deductible** and **copayment/payment percentage** unless otherwise noted in the schedule of benefits below.

## General coverage provisions

---

This section provides detailed explanations about the:

- **Deductible**
- **Maximum coinsurance out-of-pocket limits**
- Overall maximum out-of-pocket limits

that are listed in the first part of this schedule of benefits.

### Deductible provisions

**Eligible health services** applied to the out-of-network **deductibles** will not be applied to satisfy the in-network **deductibles**. **Eligible health services** applied to the in-network **deductibles** will not be applied to satisfy the out-of-network **deductibles**.

The **deductible** may not apply to certain **eligible health services**. You must pay any applicable **copayments/payment percentage** for **eligible health services** to which the **deductible** does not apply.

For purposes of the Calendar Year **deductible** provision below, an individual means an employee enrolled for self only coverage with no dependent coverage and a family means an employee enrolled with one or more dependents. The family **deductible** can be met by one family member, or a combination of family members. For purposes of the Calendar Year **deductible** provision below:

- The individual **deductible** applies to a person who is enrolled for self only coverage with no dependent coverage
- The family **deductible** applies to a person who is enrolled with one or more dependents. The family **deductible** can be met by one family member, or a combination of family members.

#### Individual

This is the amount you owe for in-network and out-of-network **eligible health services** each Calendar Year before the plan begins to pay for **eligible health services**. After the amount you pay for **eligible health services** reaches this individual Calendar Year **deductible**, this plan will begin to pay for **eligible health services** for the rest of the Calendar Year.

#### Family

This is the amount you and your covered dependents owe for in-network and out-of-network **eligible health services** each Calendar Year before the plan begins to pay for **eligible health services**. After the amount you and your covered dependents pay for **eligible health services** reach this family Calendar Year **deductible**, this plan will begin to pay for **eligible health services** that you and your covered dependents incur for the rest of the Calendar Year.

### Copayments

#### Copayment

As it applies to in-network coverage, this is a specified dollar amount or percentage that must be paid by you at the time you receive **eligible health services** from a **network provider**.

\*See *How to read your schedule of benefits* at the beginning of this schedule of benefits

## Payment percentage

The specific percentage you have to pay for a health care service listed in the schedule of benefits.

## Maximum out-of-pocket limits provisions

**Eligible health services** applied to the **out-of-network maximum out-of-pocket limit** will not be applied to satisfy the in-network **maximum out-of-pocket limit** and **eligible health services** applied to the in-network **maximum out-of-pocket limit** will not be applied to satisfy the out-of-network **maximum out-of-pocket limit**.

The **maximum out-of-pocket limit** is the maximum amount you are responsible to pay for **payment percentage** for **eligible health services** during the Calendar Year. This plan has an individual and family **maximum out of pocket limit**.

For purposes of the following **maximum out-of-pocket limit** provisions:

- The individual **maximum out-of-pocket limit** applies to a person enrolled for self only coverage with no dependents coverage
- The family **maximum out-of-pocket limit** applies to a person enrolled with one or more dependents. The family **maximum out-of-pocket limit** can be met by a combination of family members or by any single individual within the family.

### Individual

Once the amount of the **payment percentage** you have paid during the Calendar Year for **eligible health services** meet the Individual **maximum out-of-pocket limit** this plan will pay 100% of **covered benefits** that apply toward the limit for you for the remainder of the Calendar Year.

### Family

Once the amount of the **payment percentage** paid during the Calendar Year for **eligible health services** meets this family **maximum out-of-pocket limit**, this plan will pay 100% of the family's **covered benefits** that apply toward the limit for the rest of the Calendar Year.

The **maximum out-of-pocket limit** may not apply to certain **eligible health services**. If the **maximum out-of-pocket limit** does not apply to a covered benefit, your **copayment/payment percentage** for that covered benefit will not count toward satisfying the **maximum out-of-pocket limit** amount.

Costs that you incur that do not apply to your **overall maximum out-of-pocket limit**

Certain costs that you incur do not apply toward the **overall maximum out-of-pocket limit**. These include:

- All costs for non-covered services
- All costs for non-emergency use of the emergency room
- All costs incurred for non-urgent use of an **urgent care provider**

\*See *How to read your schedule of benefits* at the beginning of this schedule of benefits

**Maximum provisions**

**Eligible health services** applied to the **out-of-network** maximum will be applied to satisfy the network maximum and **eligible health services** applied to the network maximum will be applied to satisfy the **out-of-network** maximum.

**Calculations; determination of recognized charge; determination of benefits provisions**

Your financial responsibility for the costs of services will be calculated on the basis of when the service or supply is provided, not when payment is made. Benefits will be pro-rated to account for treatment or portions of stays that occur in more than one Calendar Year. Determinations regarding when benefits are covered are subject to the terms and conditions of the booklet.
